

# INVITATION

Dear Dujat members,

It is almost 80 days to go for the exciting FIFA 2010 Worldcup Football Tournament in South Africa. As you may know, on June 19, 2010 , the Japan National Team will fight against the Dutch National Team!

Before that we, Dujat would like to update you on the story of Japanese football talent in the Netherlands. We clearly remember the success of Keisuke Honda who played at VVV-Venlo.

This time we proudly invited Mr. Hai Berden, Chairman of VVV-Venlo to tell you their success story under the theme of “Finding the next Honda! – VVV’s tactics for success with Japanese top football talent -”.

Since 2003, Mr. Hai Berden is Chairman of the Dutch successful football club VVV-Venlo. He is also the Managing Director and CEO of Seacon Logistics, the main sponsor of VVV Venlo.

Mr. Berden will tell you about his search for young Japanese foot ball players and on the success of the Japanese football player Keisuke Honda who played at VVV Venlo from 2008-2009.
