

Amsterdam, February 8, 2010

Dear Dujat Members,

We are very happy to invite you to the Dujat company visit to **Yanmar Europe BV** in Almere, one of the esteemed Dujat member companies, on **Thursday March 11, 2010**.

Yanmar Europe BV was established in the Netherlands in October 1988 as the European distribution centre of Yanmar Co., LTD. Since Yanmar has introduced the world's first commercial compact diesel engine in 1933, the company has been a comprehensive diesel manufacturer producing everything from fuel injection equipment to marine gear for most diesel-driven machinery on land and sea. Yanmar products are popular in fields as diverse as agriculture, construction, power generation as well as commercial and pleasure marine applications. Yanmar industrial diesel engines have a great reputation for high, enduring reliability, and clean emissions making it compliant with emissions regulations all over the world.

This time, Mr. Geert Jan Mantel, President of Yanmar Europe BV and a newly assigned Dujat Executive Board Member kindly host our first Company visit in 2010 and we have an opportunity to visit their office and the facility in Almere.

DATE: Thursday, March 11, 2010

TIME: 14:30 – 17:30

VENUE: Yanmar Europe BV in Almere

ADDRESS: Brugplein 11, 1332 BS ALMERE

Program:

- 14.30: Registration – Coffee and Tea
 - 15.00: Opening and welcome by Dujat – Hans Bax, Chairman Dujat
 - 15.05: Welcome and presentation by Geert Jan Mantel, Yanmar Europe B.V. President.
